Parent Reference

To ensure the safety of the children in our program and the quality of the education they receive, we require two references on each parent who co-ops (works as an aide in the classroom) in our school. The person writing the reference should have known the parent at least one-year and should not be related to the parent. As a reference, we ask you to speak to the character, reputation, and competency of the person listed below. Thank you for your time and effort.
